NINTENDO SWITCH

Welcome to Animal Crossing: New Horizons – Happy Home Paradise

EXPAND YOUR HORIZONS WITH ANIMAL CROSSING: NEW HORIZONS – HAPPY HOME PARADISE DLC

Join Lottie's Paradise Planning team – along with Niko and Wardell – and **travel to a distant group of beautiful resort islands to help create vacation homes for clients!**

With the Animal Crossing: New Horizons – Happy Home Paradise paid DLC, you're in charge of inviting characters as clients and helping them live out their own dream vacations.

KEY FEATURES

Customize everything from home exteriors and interiors, the yard and even **customize the weather to be sunny or rainy**. Choose the perfect spot for your clients and use the Paradise Planning team's expansive inventory to deck out their vacation homes without being limited to your own inventory, recipes, or resources.

As you design more vacation homes for your clients, **facilities like a café and a school** around the Paradise Planning office will open up. Decorate the location, choose roles for different characters, then watch your clients spend time together.

You can up your design game on your own island, too! Design options that you acquire while working as a Paradise Planning team member can be used on your island as they become available. **Build partition walls and pillars, set the mood with lighting, and add soundscapes** to both your residents' homes as well as your own.
